Asthma Management Education – for healthcare providers (Continuing Medical Education – CME)

Lung Disease Conference

Recommended Target Areas	Annual Projected Targets	Baseline	Proposed Strategies	Key Milestones
<p>Increase use of asthma management education</p> <p>Reduce hospitalizations</p> <p>Improve access to asthma-related health care</p>	<p>By Dec 2008 offer one day-long conference for the CS</p> <p>Note: This is a coordinated effort by staff in KS, OK, TX (KS lead)</p>	<p>Annual conference for 120 participants since 1998 with pharmaceutical support at \$20,000 per yr</p>	<p>Partner with MO, OK, TX staff to offer a Lung Disease conference in the five-states via long distance learning (LDL)</p> <p>Focus on COPD</p> <p>Include other lung diseases to increase optimal attendance and optimal support from pharmaceutical companies</p>	<p>By Aug 07 conduct needs assessment and complete analysis</p> <p>By Aug 07 identify all members of CME Planning committee (existing CME members from KS, OK, TX serve as core)</p> <p>By Aug 07 identify all speakers – secure disclaimer statements</p> <p>By Aug 07 submit CME approval to: + AAFP + AANC / MONA + ARCS</p> <p>By Aug 07 develop marketing plan and promote</p> <p>by Sept 07 secure Evidence Based (EB-CME) from AAFP</p> <p>By Sept 07 identify all locations and all LDL partners and test LDL capability</p>

Kansas PBMS Goals July 2007 through Dec 08

From: Lynne Crabtree 3-28-07 785-272-9296

	CME – Lung Disease Conference for CS, continued			<p>By Sept 07 secure \$20,000 pharm \$</p> <p>By Nov 07 conduct conference</p> <p>By Jan 08 complete outcomes analysis</p> <p>Begin to repeat steps for Nov 08 annual conference</p>

Other Kansas work not specifically described in this table:

American Thoracic Society (ATS) relationship and building KTS: milestones depend on Kansas LC recommendations for CME focus and accreditation of November 2007 CME Lung Disease conference. Staff will need to secure CME credit from ATS by Sept 07 if conference focus includes pulmonary specialist.

Lung Health Network: includes AFSI, CME, supporting Tobacco Free Kansas Coalition and building Kansas Asthma Coalition (see all above)
